19 March 2012

Dear Willi and the UNICON XVI Organizing Committee:

It is with great pleasure that I announce that the 2012 IUF Rulebook was successfully completed and approved in full by the IUF Executive Board. John Foss and many other individuals from around the world spent countless hours to complete this Rulebook, and I am very thankful for the time and energy each person spent on ensuring the completion of this document.

As such, all rules included in this document are to be utilized at UNICON XVI in Brixen, Italy, from 20 – 31 July 2012. If riders or competitors wish to protest the use of these rules, they will have until **1 May 2012** to make a formal complaint to the IUF Executive Board. These complaints can be sent to me via email, ryan.woessner@gmail.com. As there are four months until the start of UNICON XVI, we believe that there is an adequate amount of time for riders to become familiarized with the updated rules.

Should you have any further questions, please feel free to contact me at any time.

Sincerely,

Ryan R. Woessner
President | International Unicycling Federation
