

My Workshop

We love Unicycling – Unicon16

What ?

Almost anything can become a Unicon16 Workshop. These are the goals of a workshop: New ideas, fresh impressions, striking skills, beautiful movements, tasty savours, great games, new practice methods and to find new friends. Unicon16 is a convention of which everybody can take home something new.

Who?

If you are a really good rider, please offer a workshop. If you have other talents, too, it's a great idea to make it the topic of your workshop. Where over a thousand unicyclists meet, chances are good you'll find some like-minded people. We want to promote all skills, because in each of us there is a special talent. Please share your talent with us.

- You are the one of your club that can explain the free mount the best.
- Your favorite game is fresbee or ludo.
- Even without a kitchen you are baking the best cake in town.
- You can fold a T-Shirt perfectly in 1.37 seconds.
- With your new camera, you can do great high jump analysis.
- Mit deiner neuen Kamera kann man super Hochsprung Video-Analysen machen.

You can add your workshop to the program by filling out the back of this form.

But...

I am too young; I don't dare to do it by myself; I have never done something like this before... Help!

We will be glad to help. You can not only offer a workshop by yourself, but with two or three people who can do the same or have the same passion. If you have any questions, we will gladly help you. If you need anything for the workshop, we'll do our best to help you find it. Soon you'll notice, that easy to offer workshops, a lot of fun and that you'll make many new friends.

Whereto?

Please fill out the form on the back and hand it to David or send an email with all the information to einradfreak@gmail.com Thank you! David Weichenberger -Unicon16 Creative Director
